

# John Carlo Blanco

PHP Programmer

I am a hardworking, creative individual specializing in web development tasks. I am eager to continue growing and developing new skills. As a passionate programmer, I focus on creating dynamic, responsive websites and web applications. My expertise in PHP, HTML, CSS, JavaScript, and MySQL, combined with a keen eye for detail and a commitment to delivering high-quality work, drives me to enhance my technical skills continuously. I thrive in collaborative environments and enjoy tackling complex problems to provide innovative solutions.
